4. (Unclassified - LLM) Met with Mr. Gorsky, in the office of Representative Jack Kemp (R., N. Y.), and showed him a Xerox copy of an otherwise sanitized USSR internal passport which contained the Russian word for Jewish on the nationality line. Gorsky appreciated our efforts which merely confirmed the correctness of the language in the bill which Kemp had introduced and said he would not make any attribution to the Agency in this connection.

5. (Unclassified - LLM) Met with Mrs. Turner, in the office of Senator Edward Gurney (R., Fla.), on the 2 August 1971 letter from [redacted] concerning the payment of Federal benefits to the dependents of the "Birmingham flyers." I told Mrs. Turner that I did not think any response would satisfy [redacted] and that I was not sure if another reply from the Senator was necessary, but that as a service to the Senator we had drafted a suggested reply which referred to President Kennedy's press conference on the subject on 6 March 1963. Mrs. Turner was very understanding and appreciative of our further help and said she felt this would be the last letter that they would be sending [redacted] on this.

6. (Internal Use Only - LLM) Met with Mike Russnow, in Senator Alan Cranston's (D., Calif.) office, and gave him a suggested reply for use in answering a constituent who is highly critical of Agency activities. Russnow himself was not too familiar with the fact of the Agency's accountability within the Government and he showed some interest in bills that have been introduced concerning the Agency, although he was not too familiar with them, either.

7. (Confidential - JMM) Lunched with John Goldsmith, of the Senate Armed Services Committee staff, and we discussed problems arising from the possible upcoming Senate executive session on Laos. See Memorandum for the Record.

8. (Internal Use Only - JMM) Briefed Nancy Bearge, of the Senate Armed Services Committee staff, on some precautions to be observed during her upcoming trip to the Soviet Union.
